REMARKS

The Notice of Drawing Inconsistency with Specification mailed July 25, 2006 has been received and reviewed. The application is objected to because it includes a drawing identified as Figure 20, but does not include a brief description of Figure 20.

By this paper, the specification has been amended to provide a proper brief description for every drawing provided. Publication (issuance) of the patent corresponding to the above-identified application is, therefore, respectfully requested.

DATED this 14th day of August, 2006.

Respectfully submitted,

A. John Pate
